Letter from E.M.Gawne Esq.,I.C.S., Collector of South Kanara, Ref.C.No. 2940-L-33 dated 14th February 1934.-

The President, Taluk Board, Karkal having applied for the alienation of 4 new village roads passing -- mostly through hill wastes in 18 villages, the Special Settlement Officer, Mangalore was requested to survey them as required by the provisions in para 3 of G.O.No. 1600, Revenue, dated 6th August 1929 communicated in B.P. 65 Press, dated 17th August 1929. He has dec-

eclined to do it on the strength of the Board's re -
ommendation in para 3 (i) of its reference (confidentia
No. 2625-33-2 dated 19th December 1933 to the Governme

2. According to G.O.No. 1491, Revenue dated 26th Jul
929 and also G.O.No. 1600 Revenue dated 6th August 1929
he survey of unsurveyed and unmaintained roads shall,
hen a local body wants to take them up for maintenance,
e done by the ordinary revenue staff or by a special --
taff, the entire cost of survey in the latter case bein
e chargeable to the local body concerned. The Tahsildar of
arkal reports that the work of survey of the roads in
uestion is too much to be taken up by the district
evenue staff in addition to its ordinary duties.
pecial staff will therefore be necessary for the purpose.
ut the local bodies cannot afford to pay for the survey
f village roads before putting some money into their re
air. If too the survey is a necessary preliminary to
aintenance there may be serious delays. The Board has
n the score of economy decided that no money is to be
pent at present on the survey of even quite important
oads. Neither then can the local bodies be expected t
undertake road survey of village roads.

3. The Board has decided not to survey
in this district where they run through r
and unmaintained roads in Government wastes. It cannot
therefore intend to insist on survey for village roads
which are to a corresponding degree less important. In
these circumstances the survey of the roads in question
will be unnecessary. I think that G.O. No. 1491 Revenue

dated 26th July 1929 and G.O.No. 1600 Revenue dated 6th August 1929 were issued without special reference to South Kanara and clearly need modification if they are to be applied to this district. I request that the Government ma be addressed to order that village roads may be vested in local bodies for maintenance without survey and sub divisic unless applications for land by their margins entail sub divisions in the usual course. There is at present no provision for this procedure.

The proposal in the CF. for the four new village roads passing mostly through hilly tracts in 18 villages being vested in the Taluk Board, Karkal. Para 3 of G.O. No. 1491 Rev. dated 28.7.1929 requires that such roads should be surveyed before they are vested in local bodies for maintenance. For the reasons set out in paras 2 and 3 of his letter at pages 1-3 of CF. the Collector considers that the survey of the four village roads is unnecessary the Board of Revenue agrees with the Collector and recommends that the roads may be vested in the Taluk Board Karkal without being surveyed. 2. 3. The Board has decided not to survey existing roads in this district where they run through reserve forests and unmaintained roads in Government wastes. It cannot therefore intend to insist on survey for village roads which are to a corresponding degree less important. In these circumstances the survey of the roads in question will be unnecessary.
